

City Ripples.

Mr. H. R. Cameron went out to Salt Lake on Thursday.

Rev. Canon of Manitoba, was in Brandon on Friday.

Mr. Tully is buying the hotel business of H. C. Clay, of Rapid City.

Justice Walker will hold County Court in Brandon Tuesday next, May 11th.

Rev. A. T. Collier and Mrs. Collier, of Rapid City, were in town on Thursday.

Mr. J. A. Russell has the walls of his new house on 2nd street, up several feet.

Mr. Ducker, C.E., is in the city verifying the city plan as registered of section 23.

H. Atchison, W. H. Hall and R. J. Crisp, Souris, were in the city on Friday.

Mr. James Johnston, right of way agent for the N.P.M.R., is now in the city.

Mr. C. A. Larkin has improved the appearance of his mill very much by painting it.

Mr. J. S. Richards has the brick work of his residence on 3rd street about completed.

Mrs. Fern, of Winnipeg, has been the guest of Mrs. Judge Walker for a couple of weeks.

The new rifle range at the west end is a great improvement on the old one across the river.

There are four deaths recorded in the *Geographical Herald* of April 17th, and they average 75 years each.

Mr. R. Wilson has planted out a row of two large maple trees in front of his new residence on Lorne Avenue.

Mr. William Fraser, of Georgetown, Ont., left for Manitoba on Monday, April 21st, *Geographical Herald*.

Mr. H. L. Lane has secured the best stock of dry wood in the city. It is sawn and full four feet in length.

Mr. Pardon on 4th street has a full face of carpenter on his new frame house and will soon have the roof on.

Mr. Sanderson is again putting in an extensive farm of 1,000 acres soon.

Mr. Lillies, private banker, of Seattle, Ont., was in the city this week and talks of opening a branch in Brandon.

The concert foundation is now being put down for the Fleming building. It is six feet in width and fifteen inches deep.

Mr. J. N. Kirkcholler left on Thursday morning for Cincinnati where he will meet Mrs. Kirkcholler and accompany her home.

Mr. R. Edgar has had Sixth street boulevardized in front of his residence and beautiful large maples planted on both sides of the sidewalk.

The Brandon Temperance Association is being reorganized and their first meeting will be announced shortly, at which some plan talk will be held.

F. A. Nares, of the Manitoba & Mortgage Investment Company, and Wm. Fisher of the Western Canada Loan Company were in the city on Friday.

Mr. A. Trotter is having his foundation of his new brick residence laid on 4th street and the brick is being delivered. The work will be pushed rapidly.

Mr. J. A. Montgomery has men at work moving the building back from the front on his new property on Ninth street and will push forward building operations at once.

Mr. F. B. McKenzie is hard at work getting out the foundation for his new bakery on Ninth street. He finds it pretty hard work as the frost is not yet out and powder has to be used.

The Salvation Army folks of Rapid City had a "big go" on Monday and Tuesday evenings. Major Morris, of Winnipeg, and Capt. Lyons of Brandon conducted the meetings.

Mr. Wilson, of Wilson & Smyth, returned from the coast on Tuesday morning and left for Ontario on Friday morning. He reports business good on the coast, but very dull in towns east of the Rockies.

Mr. E. A. Elliot, who has been freight agent for the C.P.R. here since the removal of Mr. Finn, will leave for Winnipeg shortly to take a position under Mr. Peters. Mr. Elliot will be missed by his many friends in Brandon.

We notice that McCulloch & Herriot, owners of the flour mill at Plum Creek, Man., are having some little trouble with the C.P.R. Co. regarding shipping facilities, in consequence of which they threaten to move their mill to the Northern Pacific and Manitoba railway, Brandon branch.

Mr. J. H. Brownlee is now gathering information with the intention of making a new map of the County of Brandon, which will show the many changes which have taken place since the present map was made. Clerks of the different municipalities can assist Mr. Brownlee by sending him information regarding their districts.

Rev. Canon of Manitoba church and 175 members. The roof of the class room at the rear of the church has been raised and a gallery put in, so that it can be closed in during rains, making an excellent room for the best class. The lower room has had folding doors put on so that two classes are obtainable for infant classes.

The back part of the floor of the church has been raised, giving the whole congregation a good view of the speaker. The church will be upholstered and comforted, making it very neat and comfortable.

Mr. A. G. Hepinstall received this morning direct from China some gold fish which may be seen in the window of Mr. D. A. Resor's.

Mr. F. B. McKenzie will do business in his former warehouse three doors north of his old stand until he gets his new building completed.

Edward Cassidy, stone mason, working on the Fleming block, had his foot severely bruised by a huge boulder falling on it, on Wednesday last.

The Dominion Illustrated is now being bound in half yearly volumes. It makes a beautiful book for the parlor and should be in the house of every Canadian settler.

Bell Bros. have the contract for a new brick veneer residence for Mr. Wallace, of Elliott & Son, also for Mr. Cameron, blacksmith. The first will be built on 14th street and the latter on the corner of Princess and 12th street.

The Y.M.C.A. have decided to remain in their present quarters for this year. They are now conducting service at the immigration sheds every Sunday at 4:30, during the immigration season.

The Northern Pacific will have their engine in the Woodworth estate to night. It is supposed they will have their temporary station on first street.

The new organized lodge of the A.O.U.E. will meet next Thursday evening in the lodge room of the I.O.O.F. It is expected it will be a large meeting, when several new candidates will be initiated.

From the reception given the Vancouver it would appear that Brandon churches have not much use for temperance workers just at the present time. They complained that they were frozen out by those they expected to assist them.

The Brandon company of the 96th, had a good long march on Wednesday night, going across the First street bridge and out across the river returning by Eighteenth street. The band played martial music winding up with "Home Sweet Home."

Arrangements have been completed for planting 200 maple trees on Sixth street and for having them well fenced. They will extend out as far as the Brock estate and will be put in by an experienced workman. It is expected they will be completed for Arbor Day.

The Union Encampment, No. 5, I.O.O.F., met last Monday night in the Odd Fellows rooms. The Royal Purple degree was given to two members. It is expected that six new members will be initiated at the next regular meeting, which takes place on the last Monday of the month.

Rev. J. H. Best resigned his position last week as Vice Grand in Brandon city Lodge No. 6, I.O.O.F. Mr. L. Stockton was elected to the office and was duly installed the same evening by D.D.G.M. R. L. Kennedy assisted by J. D. Bowley as Grand Warden and J. S. Maxwell as Grand Herald.

An interesting experience was enjoyed by a boarder in one of the private boarding houses in the city lately. It seems that when he went to retire for the night he found the bed occupied by a sleeper who was so sound asleep that not even a snore was heard. It was late, and not wishing to wake the sleeper, he decided to rock himself to sleep in the parlour rather than venture in with the stranger.

Preparations are being made for a big turn out at the races on May 24th. The track is being placed in the best possible condition. It has been learned that entries will be made from all points in the Territories and Manitoba. A great improvement made is the building of a grand stand. This will accommodate over 600, where they will be safe from accidents and have a fine view of the track.

A driver got into difficulty with a team hitched to a log buggy at noon today. They were standing in front of Mr. Leysbourne's when one of the horses became frightened and jumped up on the sidewalk and almost into the window of the house. Friends came to his assistance, and they were unhitched without any damage being done.

We notice that our eastern papers, of April 24th, speak of seeding as just commencing, while in Manitoba nearly all the wheat and oats were in the ground at that date. Owing to the nature of our soil, our farmers have a great advantage in early seeding. When the ground becomes thoroughly broken up and drained it will make the seeding still earlier and the harvest more than proportionately earlier.

ARBOUR DAY.

Next Thursday will be Arbor Day which is a public holiday throughout the Dominion of Canada. We trust that our citizens will not let it pass without doing some tree planting. It is folly to say I have no property therefore have no interest in tree planting. Set out half a dozen trees on the public streets that you may point to them when their branches spread out and the birds build their nests in them, and say I planted those trees on Arbor Day May 8th, 1900. Future generations will bless you for the work, and your name will be remembered in connection with the trees years after you have been removed from the city.

The Canadian Pacific Railway had department has just issued a new folder for distribution at home and abroad. It is a beautiful little book, ever issued by the company. It contains two splendid maps—one showing all the townships, and all railroads built in Manitoba, Assiniboia, Saskatchewan and Alberta to date, together with the names of all stations, lakes, rivers, etc., and the other showing the C.P.R. Canadian system, with the United States railway and Pacific and Atlantic steamship connections. On the reverse side there is a great amount of carefully prepared facts regarding the four great agricultural and stock districts above named; and information as to the terms of settlement and purchase of land, and other useful matter. The letter is appropriately illustrated with farm and ranch scenes in Manitoba and the west.—Commercial.

SOCIAL.

The Ladies' Aid, in connection with the Methodist church, held a most successful social on Thursday evening, in the church, when the sum of \$200 was raised toward church improvements. The ladies have taken in hand to do the greater part of the work in this social for to aid in that work. Following is the programme.

Chairman's address, Rev. Mr. Wilson; Duett, Mrs. Bower and Mr. Walker; Recitation, Miss Aleta Paisley; Solo, Miss Lena Lee; Reading, Mr. A. M. Peterson.

REFRESHMENTS.

Solo, Miss Van Tassel; Recitation, "A distance in Church," by request, Miss Lillie Brock; Solo, "At the Ferry," Miss Robinson; Reading, "The Yankee Quack," Mr. Shewan. God save the Queen.

GREETING TO REV. E. P. FLEWELLING.

The following is an extract from the Vancouver "World," accompanied by a letter from an old friend of the church.

Rev. Mr. Flewelling, rector of St. Matthew's Church, Brandon, Man., has in his resignation and will come to Vancouver, taking charge of St. Paul's Church, Yuletown, Vancouver.

He preaches his farewell sermon on the 27th inst., and will arrive here about the 1st of May. Mr. Flewelling, who is a most capable man, is a model of the earnest, Christian worker, and especially dear to the young men, having from New Brunswick, his last parish being Dalhousie, has been in the Northwest some years. He will be warmly welcomed here by many old friends and admirers.

Vancouver, B.C., 26th April 1899.

Rev. E. P. Flewelling, Brandon Man.

DEAR MR. FLEWELLING,

I have just read, with a great deal of pleasure, in last evening's paper that you were coming to live in Vancouver.

I enclose you in this, a clipping from last evening's World, which has delighted the hearts of hundreds of New Brunswickers in this place.

With kind regards to all in your home, and hoping to see you very soon.

I am,

Dear Mr. Flewelling,

Yours very truly

JAMES CALDERWOOD.

OUR FUEL SUPPLY.

The prospects for a cheap fuel supply for Brandon for the season are bright.

The large out of lumber by Mr. J. A. Christie will put on the market between 200,000 and 300,000 cords of spruce, which makes excellent wood. This will be given to consumers at about \$2.00 per cord.

The flooring mills will receive from this mill enough sawdust and short cuttings to keep it supplied with fuel most of the year. By the time winter sets in the railways will connect the city with coal mines not more than 140 miles distant. This will reduce the price of coal one-half making a saving of thousands of dollars to our citizens and also making it possible for manufacturers to compete with eastern firms. For the present summer and the coming winter as far as the fuel supply is concerned the outlook is most encouraging.

HOSPITAL DIRECTORS MEET.

The directors of the hospital met on Tuesday evening in the office of E. J. Barclay, and considered the matter of finances. Arrangements were made to visit several municipalities where their council meetings are called for early dates. Mayor Kelly and Mayor Fraser will visit Winnipeg. Hon. Mr. Sifton will visit Plum Creek, and Mr. R. Darrach, and J. B. Frazer will visit Oak River and adjoining municipalities. A committee consisting of Mayor Kelly, Mr. A. B. Bedford, Mr. A. S. Fraser, Mr. Barclay and Mr. Darrach was appointed to canvass the city for private subscriptions. The resignation of Mr. D. McMillan as secretary and treasurer, was accepted and Mr. Darrach was appointed in his stead. To fill his place on the Board it is proposed to elect Mr. Geo. Colby and Mr. Darrach will be director for the city council. The directors recognized the fact that it is absolutely necessary to push the work of securing additional finances and get matters in such a shape that construction may begin early in the season. No definite move can be made toward building until the grant of \$60,000 has been voted by the ratepayers of Brandon. Mr. Burton, of Smith & Burton, says he is willing to carry with him a subscription list to building fund of the hospital. He says many along the line of the C.P.R. west, will be glad to assist the Board in this good work.

REV. JOHN HOGG ACCEPTS A CALL TO THE NORTH CHURCH WINNIPEG.

ARRANGEMENTS FOR HIS INDOCTION.

A special meeting of the Presbytery of Winnipeg was held last evening in Knox church for the purpose of taking action in regard to a call which the congregation of the North church has addressed to the Rev. John Hogg, who has been supplying the pulpit since last summer. The call was signed by 75 members and 74 adherents, and is accompanied by a guarantee of stipend amounting to \$1,000 payable monthly, and a rented house until a house can be built. The call was signed by Messrs. Fraser and Craig, who declared it was extremely unanimous and hearty, and that it would be a great disappointment to the congregation if they did not secure Mr. Hogg as their pastor. After a few words from several members of the Presbytery, the call was put into place on the evening of the 12th May at 8 o'clock. Rev. David Anderson, of Springfield, will preach; Rev. Dr. Daval will address the minister; and Rev. A. B. Balf, the people. Free Press.

A scientific paper tells "how to see the wind." The majority of us would rather know how to raise it.

Briggs "did not see you at church last Sunday." Briggs "no; didn't get in till you had gone to sleep."

SALT DATS.

SATURDAY, April 29. There have been a couple of more storms and a good deal of rain lately, all of which has tended to put the ground in better shape for crops than for three years past. The weather is now warm and what should show in a few days. Nearly all the wheat and corn crops have been sown in this locality. The average will be fully one half greater than last year.

The Canadian harvest of salt water is now in full swing. There is great fear that the imported foreign salt will be used in place of the home product, as it is so cheap. Many varieties of salt are being imported from the United States, and it is feared that the home product will be driven out of the market.

New salt water is being imported from the United States, and it is feared that the home product will be driven out of the market. The Canadian harvest of salt water is now in full swing. The Canadian harvest of salt water is now in full swing. There is great fear that the imported foreign salt will be used in place of the home product, as it is so cheap. Many varieties of salt are being imported from the United States, and it is feared that the home product will be driven out of the market.

DOUGLAS AND VICINITY.

A NEWSY BUDGET—COMING AND GOING—REMOUSE OF ONE OF THE BOYS, ETC.

Miss Jessie Way, a former teacher of Elton, has been visiting friends in Douglas during the past week.

I hear the Berry Lancers are very attentive, and have been out very little after night since she came. I suppose it will be a hard wrestle to see who is the most prominent.

Mr. Dickson, our popular and energetic machine agent, has at present a large number of excellent ploughs on hand. They are of a superior quality and their agent is the right kind of a man to make a bargain with, so I will advise all you farmers who require such an implement to take a look at those before purchasing elsewhere. You will never regret it, besides he has a supply of all the other kinds of farm machinery of the Patterson make and of the very latest improvements. He will be pleased to show and fully explain the different technical parts of his machines. Now don't forget this piece of advice from a friend of the farmers.

Mr. John J. Dandy, who taught in Campbell school last season, has been at present teaching in Chateaufort, and is on a flying visit on Sunday last. His many friends in and around here were glad to see him looking about the same as last year, of course with the exception of his mustache. Some of the fair ones were extremely glad to see him.

Our school changed location on Wednesday, Mr. McArthur will hold down the fort in the future. Mr. Hall resigned on account of having secured a more lucrative position.

The local Temperance hall their numbers are increasing gradually. No person needs to go dry, lots of very tallish H.2's.

Several cattle are continually running around the village and are nearly all the time in close proximity to the railroad track when trains are passing. People should be more careful. It is better to act in time as besides having your animals killed there may be considerable damage done in another way.

Are the citizens as a whole acquainted with the sad and painful mishap which befel a young high blooded agriculturalist living a few miles north of here on Sunday the 28th? In case you are not I will pen a few of the particulars so that you will be able to give him your heart-felt sympathy. "Now, don't forget." It is as follows: On the day mentioned well on in the afternoon the poor rustic buckled his gayest roadster to the top buggy and gallantly drove over to Mr. M., where a charming young lady, not the daughter, but a resident. However there is another who is far in preference, and when the subject of our narrative discovered this the object of his attraction was at that time some distance off enjoying herself. You should have seen him. You would say a more crest fallen youth you never beheld. However, after some slight pausing the conspicuous horse and buggy with its lone occupant were seen slowly wending their way in another direction. All was as silent as the grave with the exception of somebody murmuring the following ditty.

I know her, yes, I know her,
She is all of life to me,
Her presence makes my heaven,
Her trust my liberty,
Her faith gives strength in weakness,
Her grace makes strength abound,
Her glory is my pleasure,
Her word my certain guide.

Miss Mildred Colquhoun left on Tuesday evening, 29th, for Brandon for the purpose of attending the Collegiate. She calculates making herself a school name. I think Mack will be out of a fifth class entirely now and I don't think it will break his heart.

Mr. Ned Stevenson, an old time resident of Maberland, and who some time ago sold his blacksmith shop in that place, has returned, and is at present erecting a new shop on Queen street forming the apex of an equilateral triangle with Mr. Madder's shop and store.

The travelling contract near here has been let. There are only forty rods of it belonging to Elton.

In conclusion a word on prudence to the Douglas readers.

There are all degrees of prudence in knowledge of the world. It is sufficient for our present purpose to indicate three. One class live to the utility of the symbol, as the poet, artist, naturalist and man of science. A third class live above the beauty of the symbol to the beauty of the thing signified; these are wise people. The first class have have common sense; the second taste; and the third spiritual perception. Once in a long time a person traverses the whole scale and sees and enjoys the symbol solidly, then, also, has a clear eye for its beauty, and, lastly, whilst he patches his tent on this sacred volcanic side of nature does not offer to build houses and barns thereon, reverencing the splendor of God which he sees bursting through each chink and cranny.

BROADVIEW.

Seedling is almost finished in this section so far as what is concerned.

Ducks and geese are still abundant here. Many of them are receiving invitations from our sportsmen to stop off here.

Mr. Walter Thorburn has gone to the Coast, and thus carries out a long cherished desire. We all wish him a pleasant trip and success in business.

The student for this field of the Presbyterian church has arrived. He seems to be a nice young man, and we anticipate for him six months of very successful work.

A Masonic Lodge was opened here on the 21st inst. Bro. D. McIntosh, from Indian Head, and Bro. Houghton, of Moosomin, were present to assist at the opening ceremony.

Mrs. Eccles with her children have come to visit friends at Maple Creek. She will stay for some time and leave Mr. Eccles in charge of all her surveys during that time in his home. We wish him safe through his time of bathing.

The Rev. Dr. McLean gave a lecture in the Methodist church on Wednesday evening last, taking for his subject "Pre- pare your own cause." It was thinly attended, but well received, as was also some choice music rendered by our local talent.
